The sun cracks upon darkened sky
Below which man and woman lie
The color paints a canvas new
The beauty seen only by two

Though what is two, remains not so
When deeper hearts merge and grow
One now sees by the other's heart
As light breaks o'er day's start

iMessage with wpugh25@gmail.com

hope you are well. thank you for your loveliness.

Also, here is a picture of a monk skiing.

iMessage with wpugh25@gmail.com

I took a walk this morning, enjoying, and wondering, and thanking. I am also better than I have been. It is as though a missing thing has been put in place; there is inspiration. Take me with you to our Mother. Give her my deepest gratitude.

Thank you for the pictures. There are so many beautiful places. Can a person see them all?

I shared my pictures from California with you. It's a mix of pictures from Chad and I. There's probably more there than needs to be...

iMessage with wpugh25@gmail.com

I think you show what's important; what's beautiful. Maybe you can show me what's important... maybe you can pick me up. Are you a good hoister?

iMessage with wpugh25@gmail.com

Oh good. How was it? Have you already visited the
school too?

SMS with +1 (712) 693-0050

Yes, and it went pretty well. When you have time to
talk let me know.

iMessage with wpugh25@gmail.com

:P

I just fell out of my chair

Looking forward to this.

Are you okay?? Well, get some rest — you can really relax tonight.

And you do need a break.

iMessage with wpugh25@gmail.com

It was a good kind of fall...

yes I planned on reading a bit, but you are more fun I think

iMessage with wpugh25@gmail.com

A holy distraction, is not a distraction... we speak of stain glass in the same light

Yes, I just called you a stain glass window

iMessage with wpugh25@gmail.com

well it was a good day for sure

you can enjoy this before you head to bed

iMessage with wpugh25@gmail.com

Thank you again. Enjoy your night, hopefully it's a good time. And with regard to Sat: similarly and moreover. Good night Z

iMessage with wpugh25@gmail.com

always

alright, you need to grade and I need to help dad put up some ductwork that was kicked down by some kids... this should be yet another learning experience with Kent Pugh

10/28/18, 7:17 AM

Good morning fool. Are you awake?

10/28/18, 2:03 PM

I prayed for us at Mass. I just kept thinking of how much we will have to rely on Divine Help.

Dad and I went for a walk through the cemetery and saw some crabapple trees. We made some jam and jelly with grandma. It turned out pretty good I thin

k

I will bring you a jar when I come to visit.

iMessage with wpugh25@gmail.com

yes, certainly. I have been as well. I am doing fine, I think, caught between excitement and fear. I am praying for your peace of heart. I can't bear to hear you stressed out about this.

Don't worry about me. You have so many exciting things to look forward to! And I am so, so really sorry....

iMessage with wpugh25@gmail.com

Zita, I can't help but be concerned about you. It simply cannot be taken away. I am not just being romantic about it.

iMessage with wpugh25@gmail.com

Thank you for this. We will endure what will be sent.

SMS with +1 (712) 693-0050

We will walk together soon. Thank you. Talk soon.

I need more coffee.

I am at my computer for a bit.

What about Thanksgiving day you come up. We have a family supper (~6-7pm). You would be welcome to come before, and I would make my excuses and we could go elsewhere. Or you could come up that night.

You would be welcome to stay as long as you wanted. I think I would leave either Saturday night or Sunday morning.

We could go to Des Moines (I should do some clothes shopping and you eye would be helpful).

iMessage with wpugh25@gmail.com

can we both contribute to it? I can feel your heart - we should beat in sync

iMessage with wpugh25@gmail.com

I think I was being a little dramatic last night. I am sorry for that.

I finished my Rosary and realized that I am once again trying to conquer the world myself.

iMessage with wpugh25@gmail.com

I don't mean to place a burden on you, but you make it light. In fact you make it not a burden at all. I want to do the same for you

I feel like you allow me to do it with pleasure

iMessage with wpugh25@gmail.com

my heart melts to hear you talk this way. It is a strain on me not to be around you - there is so much missing when I am not with you. I can't explain it completely; and I don't want to either

iMessage with wpugh25@gmail.com

My God, you are wonderful. A blessing to me for sure. Let us do it right then. I want this to be beautiful.

iMessage with wpugh25@gmail.com

My Longing for the THING, is grounded in you - it is dangerous and risky to jump, but it is worth it. It is not only you or I alone; it can't be. This is the mistake I have made in the past. I don't want to go back whatever the cost. I want freedom.

iMessage with wpugh25@gmail.com

I am just a little confused about things at Sacred Heart right now. I can still make plans, but it's just difficult... I digress

violin.

you should learn the viola

and then teach me

iMessage with wpugh25@gmail.com

I will tell you about the silly relationship I had in high school sometime... it is kind of embarrassing for me.

it didn't last very long

Oh don't worry about these at all — I don't know, it just seems so irrelevant some way, doesn't it?

iMessage with wpugh25@gmail.com

and it was for wrong reasons

it does, I suppose. It's just part of the past.

I mean irrelevant

we grow, we change, we aren't the same as we were

iMessage with wpugh25@gmail.com

mostly imagined? Perhaps, but I think not entirely. There is something beautiful in the concrete expressions of love. In fact a necessity even.

A necessity surely, for the earthly is sanctified, elevated, when united to the Divine Love

I would have loved to have you here. It's been fun putting things where they ought to go... instead of being in boxes where they ought not be

iMessage with wpugh25@gmail.com

Yellow hours will be a real thing

A tinge this afternoon

and I just remembered I have to do something

and then it was a little better

iMessage with wpugh25@gmail.com

Zita, I know it would help. It always does. Just hearing your voice and talking (even about little things) is relieving.

I hope you would do the same thing.

It is more than mere sentimentality. We have both acknowledged this.

how can you be a distraction? How can Divine Action be distracting?

Said my prayers this morning for you and I, and to abandon my designs. Life here is short and only the beginning.

iMessage with wpugh25@gmail.com

yes, I agree.

(I actually enjoy your being mother; I just pretend to complain about it) I will you could be here to - wrap me in warmth

I am wearing my hat in my office this morning

iMessage with wpugh25@gmail.com

yes you do look a bit tired. I hope it wasn't too exhausting...

beautiful none the less... tired or not

I need to hear with my ears!

iMessage with wpugh25@gmail.com

I would agree. I can't quite say what it is. When I was just sitting in my living room this morning in and out of prayer, when I went over to Mass, when I walk around the office. I think life is better because you're in it.

You move me.

iMessage with wpugh25@gmail.com

yes I just spilled it all over

have you found that love?

SMS with +1 (712) 693-0050

I love you Z with my whole heart. Thank you for your love and patience with me as I am working through a new phase of life. I look forward so much to walking with you to the heavens.

11/8/18, 6:34 AM

Praying for you this morning, hope the flight goes well. Love you Z.

iMessage with wpugh25@gmail.com

God bless you Z, thank you.

The church is beautiful. Cathedral?

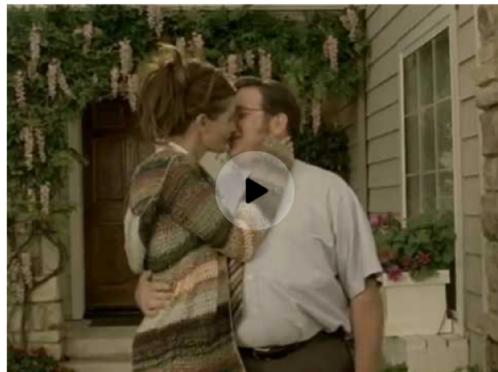

My parents just got here. I will talk to you soon. Let me know how the day goes

iMessage with wpugh25@gmail.com

Thank you for this. I needed to hear it again from you. I can't tell you how much your trust speaks to this heart; such a fallen heart it is. I hope that one day I can return the love you show to me - 'to see with your heart' as you have told me. You make the sadness lift quite a lot - Thank you.

are you able to see my messages?

I am glad the discussion went well. You will have to tell me about it

I have been thinking about this (and other things) since you left, and it might be the best if I did not visit you at Christmas. I would love to be there, but it would be more fair to both you and your parents if I weren't (and perhaps a bit less painful). I do hope and pray that you find your peace of heart, wherever it may be. And please do let me know if I can do anything for you.
